

STORIES FROM OUR 2021 'SUMMER SNYDERS'

Abby

"...it's a very open and friendly environment every single year. The Snyder family is a nice family and I'm excited and honoured to work my hardest for the family."

Ally

"One of the parts of this job that I love is interacting with all the customers. I am a very social person, so being able to talk to, laugh with, and serve others is something that I really enjoy."

Katie

"I felt as a new employee I was able to learn new skills with support and encouragement from those older than me. I tried to be a reliable team member who others could turn to for the same support as I gained more responsibility."

Lizzy

"I really enjoyed the opportunity to learn new tasks! [...] I felt like even if I made a mistake I knew that someone could teach me the right way to do something without any judgement..."

Ethan

"The employees were always friendly and they worked very efficiently. I knew when I applied I'd have to do the same. The work was quite enjoyable even though the hours were not all that consistent."

Quinn

"I think it was a very good introduction to a workspace because the job demands physical work and you have to learn how to work with a team. It was nice to work outside and the atmosphere was very inclusive. I can't wait for this summer."

Ashley

"I love the experience and the people that I meet. It's been a great summer job for me, and I'm excited to be returning."

Julie

"Everyone was nice and supportive which I feel isn't always the case in everyone's first work environment. I also really loved working outside, which did surprise me a bit. The weather was always warm enough, and even on really hot days, the "corn sweat" would cool you down."

Silken

"I was expecting to have great coworkers alongside, and last summer was exactly that – supportive and outgoing people. :)"

Holly

"As a Snyder employee, we all work hard together to serve the community. It's hard work and long days, but the smiles on the customer's faces when they have their corn in their hands are all the reward we need to get through the day."

Dana

"...Snyder's Sweet Corn is a business that appreciates their customers and they have taught me the impact that a smile can have when serving customer and working in the stand."

Owen

"The job was great because it made me feel welcome and respected as a worker in the crew. Finding out new ways to make the job easier was a challenge but it gave me something to think about when I was working"
